The telephone numbers remain the same as before.

Letter received from Peter Sanderson

13 July 2009

Dear Geoff

Computers

Thank you for your recent e-mail.

My concern about the widespread use of computers is that most games are no longer purely a contest between individuals. A player using powerful software (including databases) has a distinct advantage over a player using less powerful or no software.

Since this situation is unlikely to change, I propose that players be requested to state, at the start of a game, what if any software they intended to use. Players would have to decide for themselves how to respond, but if they did so honestly the basis on which the game was to be played would be transparent, unlike the present situation.

#Perhaps this idea could be tested in an SCCA competition?

Best regards

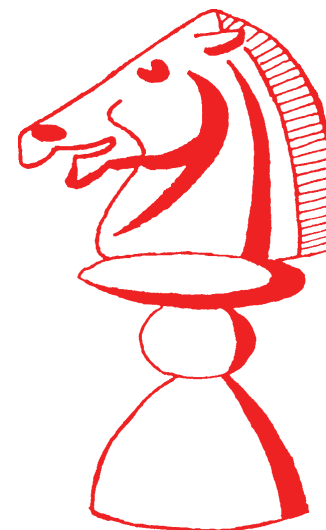

Peter (Sanderson)

PS Is there any merit in my suggestion or is it just pointless?
Your candid opinion would be welcome.

9	Mensa	7½ pts
10	BCCCA "B"	5½ pts

The BFCC Executive Committee decided on the 10th October 2009 to reduce the number of teams to 9 and the number of boards to 8.

15. ♖g3 Taking proper advantage of Black's bad play.

15... ♖d7 16. ♗e3 ♖ge7 Under the circumstances, we should have preferred 16...g6, which, to some extent, would have relieved them from the attack upon the pinned Knight; by the move in the text a piece is sacrificed. 17. ♖g4 White might have won a clear piece by 17. ♖gxf5 and then g4, but probably thought that they would reduce the game to a more simple position by moving the Queen thus, and considered that in any case they had a won game.

17...g6 18. ♖exf5 ♗xf5 19. ♖xf5 ♗xf5 20. ♖f4 h5

21. ♗xf5 ♖xf5 22. ♖h6+ ♔g8 23. ♗g5 f6 24. ♗xf6 ♗xf6 25. exf6 ♖xf6 26. ♖e3 and wins.

From *The Era*, December 19, 1858. Comments by Löwenthal. 1-0

Blackburn and Preston are two Lancashire towns, a few miles apart, north-west of Manchester. Both get a peculiar place in the history. In Blackburn, which is still to day a relevant centre of textile industry, James Hargreaves, in 1764, invented an instrument, called "spinning jenny", which improved dramatically the spinning technique. In Preston August 18-20, 1648, Oliver Cromwell defeated definitively the royal army.

THE CORRESPONDENCE MATCHES OF THE PRESTON CHESS CLUB 1854-1856

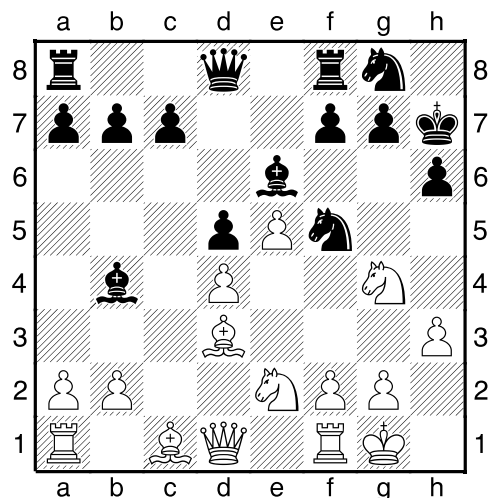

By Carlo Alberto Pagni [Milano – I] and Ivo Fasiori [Prato – I]

Blackburn - Preston

Ruy Lopez [C64]

1856

1. e4 e5 2. ♖f3 ♘c6 3. ♙b5 ♗c5 This is not a defence which we can commend, in fact, we have frequently called the attention of the student to the fact of 3...d6 followed by 4...♘f6 being the only one of satisfactory character. 4.c3 ♘ge7 5.d4 exd4 6.cxd4 ♙b4+ 7. ♘c3 d5 8.e5 h6 9.h3 ♙e6 10.0-0 0-0 11. ♘h2 ♖h7 The cause of all subsequent embarrassment; 11...f5 would have been the correct move. 12. ♘g4 ♘f5 13. ♘e2 ♘ce7 14. ♙d3 ♘g8 A very weak move. They should have played 14...♖h8.
